All-wheel drive club established for all AWD & 4WD vehicles to encourage safe off-roading, participation and environmental awareness. Day & weekend trips. Recreational off-roading for everyone!

With assistance from the SA Association of Four Wheel Drive Clubs Inc., our club has been established for owners of all-wheel drive off-road vehicles as well as anyone wishing to join with a conventional four wheel drive vehicle, that has low range. The objectives of the club are to establish safe four wheel driving techniques for members, encourage participation, create environmental awareness and protection.

Enjoy an experience, teamed with making new friends, companions and discovering the capabilities of your vehicle. Take the opportunity of exploring this great land of ours, with us. Come along to a meeting soon, join up and have your input into what you would like to see happen in this exciting time of our new club.
